

DECEMBER 2014 NEWSLETTER

Connect with us

2014 has been an exciting year for Healing Warriors Program. We've grown, we've learned, and most rewarding, we've experienced continued success in our mission of providing healing therapies to our clients.

We've Grown

When the clinic office on Shields street sold in October, we scrambled to find new clinic space within the allotted 30-day window. Thanks to your support, an enormous team effort and a resourceful and caring agent, we found our comfortable new clinic space, moved in and were operational in days!

New Clinic Address:

**Stuart Professional Park
1136 E. Stuart Street, Ste 4202
Fort Collins, CO**

**To schedule an Appointment or
for General Clinic Inquiries, Call:
970-776-VETS (8387)**

The office has been a blessing, enabling us to add more openings on our schedule and provide a more pleasant, safer environment for our clients. If you haven't yet been by the new clinic, we invite you to stop by and tour.

We've Learned

We are rounding up year two and charging full speed ahead. We've learned that these services have been invaluable to our patients, that the need for more clinics is real, and that we can expand this model to incorporate other services, and in new locations.

We've come together to give back

As a newly formed nonprofit, most grant eligibilities do not kick in until year three. That means that as a new nonprofit, our funding has come solely from private donations of time, goods, services, and monies.

We Thank You

We send a sincere and heartfelt thank you to all of you for your dedication and support of our work. Without you, the 1200+ sessions we've delivered this year alone to our warriors, would not have been possible. The service members, young and old, that come in to the clinic in severe pain would not have received the care and support on their journey back to health. Our clinic is filled with success stories, and most importantly, hope.

Our work is not done. Our mission continues.

As the year comes to a close, and you are finalizing your year-end donations for 2014 tax filings, we ask that you consider [Healing Warriors Program](#). Your donation directly provides one hour therapy sessions for our service members.

NEWS

This October, we were honored to be awarded Group Publishing company's Community Service Award for Special Health Services. Every year, Group gives a portion of its profits back to the community. Since 1997, Group has donated more than a million dollars to non-profit organizations in Northern Colorado through Group's Community Service Awards. Their awards presentation luncheon at The Candlelight Dinner Playhouse was beautiful and inspiring. We thank Group Publishing for setting an example of values and community service.

Quilt Project

Paula Curtis, one of our CranioSacral therapists, and long-time supporter, Susan Maxwell, will be launching a quilt project for Healing Warriors Program. They are assembling a team to make quilts for each of our treatment rooms, bringing a special touch of love and warmth to all of our clients.
